

Have you struggled for seasonal staff for this year's summer contracting?

Hanzon Jobs can provide you with a wide range of driving staff, handpicked and interviewed from England and Ireland. The time scales for these drivers is up to you but are available from October through to the end of April or longer if need be. They are all selected on their experience, attitude and the ability to carry themselves as unsupervised responsible employees. We can also supply specialist drivers for a new piece of machinery that you may be unfamiliar with, thus getting the most out of an investment from the very first day in the paddock.

Hanzon Jobs will be in the UK recruiting from late May to August. You can contact us during this time on **0044 7870 458 070** or visit the Hanzon website and register your interest/requirements on the Contractor only page.

Contact us on **03 615 6693** (home) / 027 615 6693 (cell)
